Authors Lisa Ray Turner and Kimberly Field examine Mitt Romney as a man of incredible ability and driving energy. They examine his history, his policies, his alleged flip-flopping, and particularly the controversy surrounding his religion. As a team, they offer a unique perspective on this last issue: Lisa is LDS, and Kim is an evangelical Christian. Your customers will find their insights fascinating.

“As a Democrat, I haven't made up my mind yet about the 2008 election — but I do think it's time people got over their prejudices and found out who Mitt Romney really is. Turner and Field's book deals candidly with all the tough questions, and gives you full information so you can make up your own mind. That's something we aren't getting from the national media.”
